Hi Leo and Cheryl,

Heads up regarding the attached FOIA request sent to Rich Batiuk on reports prepared by Clair Buchanan at ICPRB on the James River chlorophyll a criteria. An ICPRB 106 grant was used to fund this work. The FOIA request was sent directly to Rich and has not been assigned a number yet. We're looking to identify possible WPD staff that should be involved in the FOIA response. Ed Ambrogio let me know that Leo is the lead for the ICPRB 106 grant. I know Cheryl has been involved in Virginia's James River chlorophyll a study. Are there other WPD staff that should be included? If so, please let me and Suzanne know. Thanks, Jen

Kim,

Please log this in as appropriate. It was sent both via mail and email to Rich Batiuk here. CBPO should be the lead with support from WPD as appropriate.

Thanks,

Tom

Tom-

I have received both an electronic and a hard copy of this FOIA request. I will forward you my electronic acknowledgement of the receipt of the electronic and hard copy of the FOIA request.

Can you please work with the appropriate colleagues in Philadelphia to log in this FOIA request. I have provided you with the original hard copy request as well for our FOIA files.

I will search my files for any and all correspondence related to the this topic—Claire Buchanan, ICPRB, development of a document reviewing the James River chlorophyll a criteria which was funded, I believe, through a Region 3 106 grant to ICPRB. My correspondence on this topic is very limited as I was not aware of the development of this subject document until the work had been completed. Once I get a response back from Jenn, I would like to meet with you to walk through the FOIA request and carefully outline the full scope of the search.

Jenn-

Can you please point Tom and I towards the colleague or colleagues in the Water Protection Division which may have had any involvement in the subject of this FOIA. I believe ICPRB was funded to carry out this work through their 106 grant.

Nick/Jim/Carin/Lori-

Heads up on another FOIA.

Thanks, Rich
